The current business in the field of milling using a CNC system from Baden-Württemberg is presented to your attention. The company has been processing aluminum products on milling machines for several decades. Due to the high quality of products, the company has gained both a good reputation in the market and regular customers. The company's production shop is leased. The company is being sold due to the owner reaching an advanced age. At the moment, the company's turnover is about 1.2 - 1.4 million euros, with EBIT income of 0.5 million euros. The price of the company is 1,700,000 euros. For confidentiality purposes, all further information will be given at the discretion of the seller only upon request with full information about the potential buyer and after signing a confidentiality agreement. To do this, the buyer (an individual) must provide a resume with a description of past activities, or (for legal entities) a link to their official company website.

If you are interested in this and other objects, you can leave a request.

Managers of our company will contact you shortly and provide you with the objects that match your request.
